

PRO CIRCUIT
2014

As we begin the 2014 season, I would like to take this opportunity to thank all of our fans, customers, sponsors, employees, race team and support riders (domestic and international) for their continued support, and I hope this support continues to grow, because it is what fuels us and makes what we do possible.

Rest assured, we will work hard to develop and produce the best products possible for our customers. Product development is a continual process, and we give our all to testing products with our in-house testing facility, race team, and support riders (who own all brands and sizes of motorcycles), and feel this is the best way to produce the most accurate real-time test results. We translate these test results into race-proven products for your bike, and will continue to do so in the years to come.

Proof is in the results. With 29 AMA Championships, and thousands of race wins earned by our race team, support teams, and loyal customers, why wouldn't you choose Pro Circuit? Your loyalty is what keeps us going, and the feeling you get when using our products is the greatest reward any company could ask for.

We Race. We Win... And we couldn't do it without you.

Sincerely,

Kawasaki

4-STROKE EXHAUST

The Ti-6 Pro Titanium Exhaust System is a full race system, and does not include a USFS approved spark arrester. The Ti-6 Pro is intended for AMA/FIM closed course racing only.

TI-6 PRO TITANIUM EXHAUST SYSTEM **NEW**

RETAILS FROM **\$999.95**

- Increase in performance over previous Ti-5 system
- Ideal for series such as AMA Supercross/Motocross
- Passes AMA/FIM sound regulations
- Titanium construction throughout head pipe, mid pipe and canister
- Carbon fiber end-cap construction
- Equipped with RC-4 Resonance Chamber
- Machined aluminum muffler bracket for strength and durability
- Asymmetrical muffler configuration for increased packing volume
- Machined mid pipe to head pipe joint for a better, leak free fit
- TIG precision welding
- Made in the USA

CARBON FIBER END-CAP

RETAILS FROM **\$99.95**

- Replacement carbon fiber end-caps are available for the Ti-6 Pro and Ti-6 Titanium Exhaust Systems

REPLACEMENT DECALS

RETAILS FROM **\$14.95**

- Replacement decals are available for the Ti-6 line including dual systems

TI-6 TITANIUM EXHAUST SYSTEM **NEW**

RETAILS FROM **\$999.95**

- Increase in performance over previous Ti-5 system
- Ideal for closed course or off-road racing
- Titanium construction throughout head pipe, mid pipe and canister
- Carbon fiber end-cap construction
- Equipped with RC-4 Resonance Chamber
- Machined aluminum muffler bracket for strength and durability
- Asymmetrical muffler configuration for increased packing volume
- Machined mid pipe to head pipe joint for a better, leak free fit
- Removable USFS approved spark arrester
- TIG precision welding
- Made in the USA

Having trouble installing a new exhaust system? Contact Pro Circuit's Service Department at 951.738.8050

Ryan Villopoto - Monster Energy/Kawasaki

2014 Kawasaki KX450F

2014 Kawasaki KX450F

TI-6 TITANIUM DUAL EXHAUST SYSTEM - CRF250R **NEW**

RETAILS FROM \$1,259.00

- Increase in performance over previous Ti-5 system
- Titanium head pipe, y-collector mid pipe, and canister
- Carbon fiber end-cap construction
- Equipped with RC-4 Resonance Chamber
- Machined aluminum muffler brackets for increased durability
- Asymmetrical muffler configuration for increased packing volume
- Machined mid pipe to head pipe joint for better, leak free fit
- Removable USFS approved spark arrester
- TIG precision welding
- Made in the USA

TI-6 TITANIUM DUAL EXHAUST SYSTEM - CRF450R **NEW**

RETAILS FROM \$1,259.00

- Increase in performance over previous Ti-5 system
- Titanium head pipe, y-collector mid pipe, and canister
- Carbon fiber end-cap construction
- Equipped with RC-4 Resonance Chamber
- Machined aluminum muffler brackets for increased durability
- Asymmetrical muffler configuration for increased packing volume
- Machined mid pipe to head pipe joint for better, leak free fit
- Removable USFS approved spark arrester
- TIG precision welding
- Made in the USA

4-STROKE EXHAUST

T-6 STAINLESS STEEL EXHAUST SYSTEM **NEW**

RETAILS FROM \$779.95

- Increase in performance over previous T-5 system
- More affordable alternative to titanium
- Ideal for closed course or off-road racing
- Stainless steel throughout head pipe, mid pipe, and end-cap
- Aluminum canister construction
- Equipped with RC-4 Resonance Chamber
- Machined aluminum muffler bracket for strength and durability
- Asymmetrical muffler configuration for increased packing volume
- Machined mid pipe to head pipe joint for a better, leak free fit
- Removable USFS approved spark arrestor
- TIG precision welding
- Made in the USA

REPLACEMENT DECAL

RETAILS FROM \$14.95

- Replacement decals are available for the T-6 Stainless Exhaust System

T-6 STAINLESS STEEL SLIP-ON SILENCER **NEW**

RETAILS FROM \$464.95

- Increase in performance over previous T-5 silencer
- Designed to work with OEM head pipe or Pro Circuit Stainless steel head pipes
- Ideal for closed course or off-road racing
- Stainless steel throughout mid pipe and end-cap
- Aluminum canister construction
- Machined aluminum muffler bracket for strength and durability
- Asymmetrical muffler configuration for increased packing volume
- Removable USFS approved spark arrestor
- TIG precision welding
- Made in the USA

REPLACEMENT DECAL

RETAILS FROM \$14.95

- Replacement decals are available for the T-6 Stainless Steel Slip-On Silencer

Ti-5 TITANIUM EXHAUST SYSTEM - CARBON END-CAP

RETAILS FROM \$999.95

- Designed for optimum performance
- Ideal for closed course racing
- Titanium construction throughout head pipe, mid pipe and canister
- Carbon fiber end-cap construction
- Equipped with RC-4 Resonance Chamber
- Machined aluminum muffler bracket for strength and durability
- Asymmetrical muffler configuration for increased packing volume
- Machined mid pipe to head pipe joint for a better, leak free fit
- TIG precision welding
- Made in the USA

Ti-5 TITANIUM EXHAUST SYSTEM - TITANIUM END-CAP

RETAILS FROM \$999.95

- Designed for optimum performance
- Ideal for closed course racing
- Titanium construction throughout head pipe, mid pipe and canister
- Carbon fiber end-cap construction
- Equipped with RC-4 Resonance Chamber
- Machined aluminum muffler bracket for strength and durability
- Asymmetrical muffler configuration for increased packing volume
- Machined mid pipe to head pipe joint for a better, leak free fit
- TIG precision welding
- Made in the USA

T-5 STAINLESS STEEL EXHAUST SYSTEM

RETAILS FROM \$779.95

- Designed for optimum performance
- More affordable alternative to titanium
- Ideal for closed course or off-road racing
- Stainless steel throughout head pipe, mid pipe and end-cap
- Aluminum canister construction
- Equipped with RC-4 Resonance Chamber
- Machined aluminum muffler bracket for strength and durability
- Asymmetrical muffler configuration for increased packing volume
- Machined mid pipe to head pipe joint for a better, leak free fit
- Removable USFS approved spark arrestor and racing insert included
- TIG precision welding
- Made in the USA

T-5 STAINLESS STEEL SLIP-ON SILENCER

RETAILS FROM \$464.95

- Designed for optimum performance
- Designed to work with OEM head pipe or Pro Circuit stainless steel head pipes
- Ideal for closed course or off-road racing
- Stainless steel throughout mid pipe and end-cap
- Aluminum canister construction
- Machined aluminum muffler bracket for strength and durability
- Asymmetrical muffler configuration for increased packing volume
- Removable USFS approved spark arrestor and racing insert included
- TIG precision welding
- Made in the USA

4-STROKE EXHAUST

Ti-4R TITANIUM EXHAUST SYSTEM

RETAILS FROM **\$999.95**

- Ideal for closed course racing
- Titanium construction throughout head pipe, mid pipe, canister and end-cap
- Equipped with RC-4 Resonance Chamber*
- Strong mounting brackets for strength and durability
- CNC machined exhaust flange on head pipe for a perfect fit
- TIG precision welding
- Made in the USA

T-4R STAINLESS STEEL EXHAUST SYSTEM

RETAILS FROM **\$779.95**

- Ideal for closed course racing
- Stainless steel throughout head pipe, mid pipe and end-cap
- Aluminum canister construction
- Equipped with RC-4 Resonance Chamber*
- Strong mounting brackets for strength and durability
- CNC machined exhaust flange on head pipe for a perfect fit
- TIG precision welding
- Made in the USA

T-4 STAINLESS STEEL EXHAUST SYSTEM

RETAILS FROM **\$749.95**

- Ideal for closed course or off-road racing
- Stainless steel throughout head pipe, mid pipe and end-cap
- Aluminum canister construction
- Equipped with RC-4 Resonance Chamber*
- Strong mounting brackets for strength and durability
- CNC machined exhaust flange on head pipe for a perfect fit
- Removable USFS approved spark arrestor and racing insert included
- TIG precision welding
- Made in the USA

T-4S STAINLESS STEEL SLIP-ON SILENCER

RETAILS FROM **\$374.95**

- Incredible horsepower gains when compared to stock
- Designed to work with OEM head pipe or Pro Circuit stainless steel head pipes
- Stainless steel throughout mid pipe and end-cap
- Aluminum canister construction
- Strong mounting brackets for strength and durability
- Removable USFS approved spark arrestor and racing insert included
- TIG precision welding
- Made in the USA

*Depending on the year of your bike, the RC-4 Resonance Chamber may not come with the system.

STAINLESS STEEL HEAD PIPES

RETAILS FROM **\$199.95**

- Designed to work with OEM or Pro Circuit slip-on exhaust
- Ideal replacement for the stock units
- Stainless steel construction

4-STROKE SILENCER PACKING KITS

RETAILS FROM **\$23.95**

- Keep your bike running quietly and at its very best
- Pro Circuit recommends re-packing your exhaust every 10-15 hours, but it varies between riders

ATV/UTV 4-STROKE EXHAUST

Ti-4 ATV SLIP-ON SILENCER

RETAILS FROM \$474.95

- Removable spark arrestor
- Constructed of titanium throughout silencer body
- Slip-fit inlet for quick installation and reduced weight
- Drilled titanium mounting brackets
- TIG precision welding
- Made in the USA

T-4 ATV SLIP-ON SILENCER

RETAILS FROM \$374.95

- Removable spark arrestor
- Constructed of stainless steel/aluminum throughout silencer body
- Slip-fit inlet for quick installation and reduced weight
- Strong mounting brackets for strength and durability
- TIG precision welding
- Made in the USA

T-5 KFX50 ATV STAINLESS STEEL EXHAUST SYSTEM **NEW**

RETAILS FROM \$299.95

- Removable USFS approved spark arrestor
- Stainless steel head pipe and end-cap
- Aluminum canister and strong muffler bracket
- Asymmetrical muffler design for increased packing volume
- TIG precision welding
- Made in the USA

T-5 TERYX4 750 SLIP-ON SILENCERS **NEW**

RETAILS FROM \$670.95

- Removable USFS approved spark arrestor
- Stainless steel tubing and end-cap
- Aluminum canister construction
- Asymmetrical muffler design for increased packing volume
- TIG precision welding
- Made in the USA

T-5 POLARIS RZR XP 900 STAINLESS STEEL SYSTEM **NEW**

RETAILS FROM \$898.95

- Removable USFS approved spark arrestor
- Closed course off-road racing tips included
- Pro Circuit custom heat shield
- Stainless steel tubing and end-caps
- TIG precision welding
- Made in the USA

T-5 CAN-AM MAVERICK 1000 SLIP-ON SILENCERS **NEW**

RETAILS FROM \$670.95

- Removable USFS approved spark arrestor
- Asymmetrical muffler design for increased packing volume
- Aluminum canister construction
- Stainless steel tubing and end-caps
- TIG precision welding
- Made in the USA

2-STROKE EXHAUST

WORKS PIPE

RETAILS FROM **\$239.95**

- Offers unparalleled performance and power for every two-stroke application
- Increased horsepower and torque gains will be noticed across the entire rpm range
- Unplated, oiled metal finish gives your bike that 'Works Look'
- Stamped AKDQ high quality carbon steel construction
- Hand welded and pounded seams
- Reinforced mounting brackets and stingers
- Machined exhaust flange offers a perfect, leak free fit
- Made in the USA

PLATINUM PIPE

RETAILS FROM **\$239.95**

- Offers the same performance gains as the Works Pipe
- Nickel plated finish reduces rider maintenance and helps protect against nature's elements
- Ideal choice for extreme weather condition riding
- Stamped AKDQ high quality carbon steel construction
- Hand welded and pounded seams
- Reinforced mounting brackets and stingers
- Machined exhaust flange offers a perfect, leak free fit
- Made in the USA

PLATINUM 2 PIPE

RETAILS FROM **\$241.95**

- Offers the same performance gains as the Works Pipe
- Nickel plated finish reduces rider maintenance and helps protect against nature's elements
- Ideal choice for riding or racing off-road or extreme weather condition riding
- Stamped AKDQ high quality carbon steel construction
- Hand welded and pounded seams
- Reinforced mounting brackets and stingers
- Machined exhaust flange offers a perfect, leak free fit
- Made in the USA

R-304 SILENCER

RETAILS FROM \$119.95

- Our most popular 'full race' silencer
- Aluminum and stainless steel construction
- Lightweight and durable
- Double walled mounting bracket for increased strength
- The compact design offers optimum performance gains
- Allen head screws ensure easy repacking when needed for extended product life
- Designed for closed course racing only
- Made in the USA

304 SILENCER

RETAILS FROM \$119.95

- Longer body design helps to reduce noise output
- 6061 T6 brushed aluminum body for lightweight and durability
- Double walled mounting brackets for increased strength
- Recommended for any two-stroke application
- Allen head screws ensure easy repacking when needed for extended product life
- Fits Pro Circuit or most stock exhaust pipes*
- Made in the USA

*For more information on specific application, please call Pro Circuit.

TYPE 296 SPARK ARRESTOR SILENCER

RETAILS FROM \$159.95

- Equipped with a USFS approved spark arrestor
- Allen head screws ensure easy repacking when needed for extended product life
- Double walled mounting brackets for increased strength
- Reduces noise output to about 96dB and improves performance
- Made in the USA

2-STROKE SILENCER PACKING KITS

RETAILS FROM \$20.95

- Available in different sizes for all Pro Circuit two-stroke silencers
- Includes all the hardware and packing needed to keep your bike running quietly and at its very best
- Made in the USA

Having trouble installing a pipe or silencer? Contact Pro Circuit's Service Department at 951.738.8050

Works Pipe - Embossed pipe tag assures quality product

R-304 Silencer- Stainless end-cap designed for FIM approval

Taka Higashino - Monster Energy/Famous Stars and Straps

RETAILS FROM \$119.95*

* Must run Cobra CX50 Works/Platinum Pipe with Cobra CX50 R-304 Silencer.

ATV 2-STROKE EXHAUST

PLATINUM ATV PIPES

RETAILS FROM **\$229.95**

- Offers unparalleled performance and power for almost any two-stroke ATV
- Increase in horsepower and torque gains will quickly be noticed across rpm range
- Nickel plated finish reduces rider maintenance
- Made in the USA

304 ATV SILENCERS

RETAILS FROM **\$119.95**

- Double walled mounting brackets for increased durability
- Longer body design helps to reduce noise output
- 6061 T6 brushed aluminum body
- Made in the USA

ENGINE MODIFICATIONS

Dean Wilson - Monster Energy/Pro Circuit/Kawasaki

Pro Circuit's goal is to give you the very best in high-performance service without any loss of reliability

4-STROKE ENGINE MODIFICATIONS

- Pro Circuit engine modifications increase power from bottom to top with no loss of reliability
- Modifications are developed and tested using our flow bench and race shop dynos
- Any four-stroke race bike or ATV engine will benefit from one of our engine modifications
- Pro Circuit's expertise in building the world's most advanced engines is a direct result of working with some of the fastest and most talented racers. Riders like James Stewart, Ricky Carmichael, Ryan Villopoto, Chad Reed, Dean Wilson, Blake Baggett and Kevin Windham have been a great help in our engine development process

HEAD MODIFICATIONS FROM	\$549.95	BORE & HONE CYLINDER FROM	\$89.95
CARBURETOR SERVICE FROM	\$59.95	IGNITION BOX ECU REMAP FROM	\$99.95
CRANKSHAFT REBUILD FROM	\$99.95		

Listed above are a few services/modifications Pro Circuit offers for four-stroke engines. For more information, please visit our In-House Motor Modifications section on our website or give us a call.

COPPER BERYLLIUM VALVE SEATS

(COST PER SEAT) RETAILS FROM **\$129.95**

- Copper beryllium valve seats will not chip like the stock seats, and dissipate heat better which will increase the lifespan of your valves

REM ISOTROPIC FINISHING

RETAILS FROM **\$299.95**

- REM Isotropic Finishing helps to reduce friction, increase the lifespan of your transmission parts, improve shifting, reduce noise, lessen vibration and lowers operating temperatures

2-STROKE ENGINE MODIFICATIONS

- Pro Circuit engine modifications increase power from bottom to top with no loss of reliability
- Modifications are developed and tested using our flow bench and race shop dynos
- Any two-stroke race engine will benefit from one of our engine modifications
- Pro Circuit's expertise in building the world's most advanced engines is a direct result of working with some of the fastest and most talented racers. Riders like James Stewart, Ricky Carmichael, Ryan Villopoto, Chad Reed, Dean Wilson, Blake Baggett and Kevin Windham have been a great help in our engine development process

HEAD & CYLINDER MODIFICATIONS FROM	\$329.95	BORE & REPLATE CYLINDER FROM	\$349.95
CARBURETOR SERVICE FROM	\$39.95	R & R POWER VALVE FROM	\$74.95
BORE & HONE STEEL CYLINDER FROM	\$89.95		

Listed above are a few services/modifications Pro Circuit offers for two-stroke engines. For more information, please visit our In-House Motor Modifications section on our website or give us a call.

MINI ENGINE MODIFICATIONS

SUPERMINI ENGINE BUILDING

CR85 SUPERMINI FROM	\$1,995.95
KX85 SUPERMINI FROM	\$1,995.85
KX100 SUPERMINI FROM	\$1,499.95
RM85 SUPERMINI FROM	\$1,995.95
YZ85 SUPERMINI FROM	\$1,995.95

- Prices listed above are based on a new engine supplied to Pro Circuit for modifications. Cost may vary depending on condition of engine supplied by customer.

Kawasaki KX100 supermini engine shown. 2-piece power valve and governor spring are sold separate.

SHORT CARBURETOR MODIFICATION

RETAILS FROM \$249.95

- The short carburetor modification will increase throttle response, increase power from bottom-to-top with more over rev, and choke removal

CARBURETOR BORING

RETAILS FROM \$124.95

- Having your carburetor bored will improve mid-to-top power and is available for the KX85/100 and CRF150R models only

KX85/100 GOVERNOR SPRING 2002-2013

RETAILS FROM \$20.00

- The stock governor spring on the Kawasaki KX85/100 is too stiff causing the valve to open too late, which results in a dip in the horsepower curve. The Pro Circuit Governor Spring allows the valve to open at the right time, eliminating the dip in the horsepower curve and resulting in improved bottom end.

KX85/100 POWER VALVE (2-PIECE) 2001-2013

RETAILS FROM \$229.95

- The Pro Circuit Power Valve for the KX85/100 lowers the exhaust port height to where it should be, resulting in huge gains in the bottom end while maintaining peak horsepower. This power valve combined with the Governor Spring will provide a major improvement over the stock set up

KTM 65 SX ADJUSTABLE POWER VALVE

RETAILS FROM \$164.95

- Pro Circuit's Adjustable Power Valve for the KTM 65 SX allows the tuner to adjust the horsepower curve. You can also use the pre-set setting that it comes with

ENGINE PERFORMANCE PARTS & ACCESSORIES

Suzuki clutch springs shown

CLUTCH SPRINGS

RETAILS FROM **\$54.95**

- Pro Circuit Clutch Springs are a must have for any dirt bike, stock or modified. Due to the constant heat and torque abuse the clutch is subjected to, we designed our clutch springs to increase clutch life and reduce slipping

HIGH-COMPRESSION PISTON KIT

W/O PIN RETAILS FROM **\$267.95** W/PIN RETAILS FROM **\$359.95**

- Increasing the compression will cause an increase in both low-end torque and top-end power. Our High-Compression Piston Kit will work equally well in a stock or modified engine. Each kit contains piston, rings, wrist pin and circlips

CAMSHAFTS

RETAILS FROM **\$429.95**

- The Pro Circuit Camshaft helps to increase the performance of your dirt bike. Our camshafts are designed and manufactured in the USA, and is meticulously designed and tested with the assistance of our championship-winning race team

Kawasaki
Valve Spring Kit shown

VALVE SPRINGS & VALVE SPRING KITS

SPRINGS RETAILS FROM **\$164.95** SPRING KITS RETAILS FROM **\$264.95**

- Pro Circuit Valve Springs allow your engine to run at a higher rpm without loss of valve control. Complete kit includes keepers, spring retainers*

*Depending on your bike, some Pro Circuit Valve Springs will also include seats

COATED WRIST PIN

RETAILS FROM **\$109.95**

- Designed to stand up to higher engine rpm and operating temperatures while also reducing friction and the chance of rod and wrist pin damage

COATED BUCKETS (PAIR)

RETAILS FROM **\$459.95**

- Coated Buckets are designed to last longer than stock, reduce cam lobe and bucket wear, and will prolong the life of your engine's cam

TITANIUM EXHAUST/INTAKE VALVES (PAIR)

RETAILS FROM **\$357.95**

- Pro Circuit's Titanium Exhaust/Intake Valves are manufactured to our stringent specifications by Del West, the industry leader in F-1 racing valve technology. Every valve is sprayed with a thermal-nitride coating to increase performance, durability and reduce normal wear

TRIGA iBOOST2

RETAILS FROM **\$349.95**

- TRIGA's iBOOST2 is an off-the-shelf, easy-to-install throttle body enhancement kit that will give you more power and better throttle response. Can be installed in a stock bike without changing the fuel mapping or tuning

STANDARD RADIATOR HOSE KIT

RETAILS FROM \$79.95

- Pro Circuit's Standard Radiator Hose Kit replaces only the stock hoses. Made of premium-grade silicone throughout, the standard hose kit operates at higher temperatures and pressures than other rubber hoses

RADIATOR HOSE "Y" KIT

RETAILS FROM \$199.95

- The "Y" Radiator Hose Kit is designed to eliminate the plastic "Y" elbows found in other radiator hoses that in extreme conditions can melt. The "Y" hose is designed to be lighter and withstand expanding

SCREEN ELIMINATOR KIT

RETAILS FROM \$39.95

- This replacement kit is designed for Kawasaki and Suzuki race bikes and allows the wire screen to be removed for optimum performance. Please call for specific available model applications

TACH/HOUR METER

RETAILS FROM \$44.95

- Pro Circuit's Tach/Hour Meter keeps track of your engine's service life and works on any type of engine. No batteries required

GET GP1-EVO ECU WITH GPA

RETAILS FROM \$899.95

- An engine control unit for four-stroke fuel-injected motorcycles. Easy-to-install and has pre-set maps that offer improved performance and better throttle response

GET VT-1 CONFIGURATOR (FOR GP1-EVO)

RETAILS FROM \$369.95

- The VT-1 device connects directly to the GP1-EVO unit allowing easy communication between them. Rider have a choice between nine levels so you can adjust the power to suit your riding style or track conditions

GET MD-60-LOG

RETAILS FROM \$399.95

- The MD-60-Log is a GPS lap timer with a built-in data logger. Logger shows live lap times and up to 4 split times

GET C1 ENGINE HOUR METER

RETAILS FROM \$49.95

- Fits to any bike in minutes without any wiring needed and detects the engine by identifying wave frequencies that flow through the surface it sits on

WORKS SHOWA SUSPENSION

SFF AIR WORKS SHOWA SUSPENSION

RETAILS FROM \$8,675.00

- Showa's SFF (Separate Function Forks) Air Forks are designed to provide better front end traction, bump absorption, comfortable stroke, flex balance as well as a more stable and controlled ride

1. The right fork houses two air chambers, each having their own oil volume. The inside chamber (high pressure), and outside chamber (low pressure) can both be adjusted by changing the pressure and oil volume to achieve the type of performance you require. Using air as a spring results in a much calmer, more "connected to the ground" feel
2. Since the left fork has no spring; the cartridge, pistons and shims are a lot bigger, providing better front end traction, bump absorption and a much more comfortable stroke with less feedback
3. The forks still feature 49mm titanium-nitrate coated tubes that provide more durability and a smoother stroke
4. Larger CNC-machined billet axle lugs for increased durability and performance
5. Standard giant 18mm shock shaft
6. 50mm hard-anodized Kashima coated body has less friction and reduced heat build up
7. The Works Showa Shock offers a more stable and controlled ride with slightly cooler temperatures

Right fork houses two air chambers

Optional turquoise coating

TRIPLE CLAMP KIT

RETAILS FROM \$699.95

- SFF Air Works Showa Forks require the use of Pro Circuit Triple Clamps and are available for most models

AXLE & SPACERS

RETAILS FROM \$199.95

- 2012-2014 Kawasaki KX250F/450F required new front axle & spacers

Martin Davalos - Monster Energy/Pro Circuit/Kawasaki

Used by Monster Energy/Pro Circuit/Kawasaki

SUSPENSION MOD STAGES

STAGE 1 (SHOCK/FORK OIL CHANGE & SERVICE)

STAGE 1 PACKAGE FROM \$199.90*

- Complete disassembly of your shock and forks for cleaning and inspection of all internal parts. Replacement of worn parts if required** and complete reassembly using PC-01 and PC-02 suspension fluids. New springs will be installed if needed and all clickers and race sage will be pre-set to your riding weight and our recommended settings

*Prices above are labor only, parts not included

**Parts required may vary depending on condition of internal parts upon inspection

PC-01 & PC-02 SUSPENSION FLUIDS

RETAILS (EACH) FROM \$19.95

Having problems with your suspension setup? Contact Pro Circuit's Suspension Department at 951.738.8050

STAGE 2 (SHOCK/FORK REVALVE & SET-UP)

STAGE 2 PACKAGE FROM \$359.90*

- All of the stage 1 modifications plus complete revalving of your shock and forks for your riding and ability level. This custom tuning and set-up fine-tunes your bike's handling and improves the overall performance of your suspension handling

*Prices above are labor only, parts not included

STAGE 3 (SHOCK/FORK REVALVE & SET-UP)

STAGE 3 PACKAGE FROM \$359.90*

- All of the stage 1 and 2 modifications plus the option to install our works parts, like National Spring Tubes, Supercross Spring Seats, Works Bladder Caps, Works Shock Anodizing Kit and more. This modification is our top-of-the-line suspension set-up and will benefit riders of any ability level

*Prices above are labor only, parts not included

MINI SUSPENSION MODS

MINI WORKS SUSPENSION KITS

KX85/100 WORKS FORKS RETAILS FROM \$2,995.00

KX85/100 WORKS SHOCK RETAILS FROM \$1,465.00

- Designed for the rider that demands the most in both performance and appearance of their suspension. Every detail has been refined to create the first 100% complete Mini Works Suspension Kit that doesn't compromise anything. The forks and shock are hand assembled with Pro Circuit's internal specifications and spring rates, tailored to meet your personal racing needs

SUSPENSION MOD PARTS

PC-03 & PC-04 GREASE & LUBE

RETAILS FROM \$9.95

- PC-03 Seal and O-ring Grease should be used on any seal or o-ring during assembly. PC-04 Assembly Lube is the ideal all purpose grease which provides three times greater film strength compared to conventional greases

WORKS BLADDER CAP KIT

RETAILS FROM \$74.95

- Our Works Bladder Cap Kit will reduce shock fade by increasing nitrogen volume and includes bladder, cap and air valve. Color and shape may vary depending on type of bike. Available for most off-road models

AIR FORK PUMP/DIGITAL GAUGE KIT

RETAILS FROM \$299.95

- Pro Circuit's Air Fork Pump/Digital Gauge Kit is a must have for any rider using the new Pneumatic Spring Forks (PSF). The Air Fork Pump is an easy fit and provides accurate pressure, which is a crucial element in the setup as it has to stay within a very limited range. By pumping up (or releasing) the pressure inside the fork you directly affect the so called "spring rate". Available for the 2013 CRF450R and 2013 KX450F models

WORKS SHOCK PISTON KIT

RETAILS FROM \$89.95

- Improves shock control, traction, bottoming resistance and eliminates the possibility of hydro-lock. Includes shock piston, band and o-ring

SFF AIR FORK EXTENSION

RETAILS FROM \$29.95

- This extension is useful for when you have bigger bars, or your bars are pushed forward and you want the air pump to be away from cables and your number plate. Can be used with most normal air pumps or air gauges

SUSPENSION MOD PARTS

NATIONAL SPRING TUBES

RETAILS FROM \$289.95

- National Spring Tubes all the oil in the forks to flow smoother and with more control. National Spring Tubes are available for most models of bikes

KTM SUSPENSION UPGRADES

RETAILS FROM \$89.95

- Available for most KTM models are Pro Circuit's reservoir, bladder, bladder cap, shock piston and National Spring Tubes to enhance performance

SUPERCROSS SPRING SEATS

RETAILS FROM \$119.95

- Designed specifically for Supercross and offers increased oil flow control to slow down the stroke of your forks. Supercross Spring Seats are available for most off-road bikes, color may vary depending on the type of bike you have

REPLACEMENT SHOCK & FORK SPRINGS

SHOCK/FORK SPRINGS RETAILS FROM \$129.95

SFF FORK SPRING RETAILS FROM \$64.95

- Replacement shock and fork springs are available for most Showa, KYB and WP equipped models

WORKS ANODIZED SHOCK KIT

RETAILS FROM \$119.95

- Pro Circuit fabricates these Works Shock Kits for most Showa, KYB and WP shocks. These kits are machined aluminum that are anodized for surface protection, durability and appearance. Blue and green anodized pieces also available

FORK CAP ADJUSTERS

RETAILS FROM \$19.95

- Fork Cap Adjusters allow you to easily adjust compression and pre-load without having to remove your handlebars. Simply lock on and turn clockwise 1/4 turn per click to make compression damping harder

Blake Baggett - Monster Energy/Pro Circuit/Kawasaki

Easily adjust compression and pre-load

SUSPENSION ACCESSORIES

TRIPLE CLAMP KIT

RETAILS FROM **\$549.95**

- The Triple Clamp Kit features a clear anodized top and bottom clamp for a works look and creates a durable finish that helps retain the like-new luster. Benefits include 6061 aluminum construction, 5mm offset for the bar mount to allow for handlebar adjustment in either one of two different bar mount positions*, bar mount is reversible for a total range of 30mm of articulation, available for 1 1/8" handlebars only, bottom clamp includes pre-assembled steering stem and bearing. Kit includes clear anodized top and bottom clamp, and a black bar mount

*Some models are stock offset.

Triple Clamp Kit is also available for the Kawasaki Supermini

PULL RODS FOR KAWASAKI MINI'S

KX65 PULL RODS RETAILS FROM **\$49.95**

KX85/100 PULL RODS RETAILS FROM **\$104.95**

- We offer two different pull rods for the KX85/100, one that is designed to raise the chassis and the other to lower the chassis to accommodate riders of any age. KX65 Pull Rods are designed to raise the chassis

STEERING STABILIZER MODS

LABOR COST FROM **\$99.95**

- Valving modifications for better stability in corners is available for MX, SX and X-model off-road valving

LINKAGE ARMS

RETAILS FROM **\$224.95**

- Pro Circuit's Linkage Arms are designed to stiffen up the initial linkage curve and lower the chassis, making the bike much more stable. This will also help eliminate the initial loose and wallowy feel. Turning and cornering capabilities are greatly improved as well

KX85/100 LINKAGE SYSTEM

RETAILS FROM **\$399.95**

- The KX85/100 Linkage System improves handling, stability and includes all of the required bearings and seals

GRAPHIC KITS

NEW MONSTER ENERGY/PRO CIRCUIT/KAWASAKI KIT

RETAILS FROM **\$199.95**

- Manufactured by N-Style exclusively for Pro Circuit
- Heavy-duty clear vinyl used for all sticker components
- Self-adhesive backing for easy installation
- Graphic kit includes: Front and rear fender decals, tank shroud decals, fork guard decals, swing arm decals, air box decals, seat cover and number plate backgrounds

NEW PRO CIRCUIT/HONDA KIT

RETAILS FROM **\$169.95**

- Manufactured by N-Style exclusively for Pro Circuit
- Heavy-duty clear vinyl used for all sticker components
- Self-adhesive backing for easy installation
- Graphic kit includes: Front and rear fender decals, tank shroud decals, fork guard decals, swing arm decals, air box decals, seat cover and number plate backgrounds

NEW PRO CIRCUIT/KAWASAKI KIT

RETAILS FROM **\$169.95**

- Manufactured by N-Style exclusively for Pro Circuit
- Heavy-duty clear vinyl used for all sticker components
- Self-adhesive backing for easy installation
- Graphic kit includes: Front and rear fender decals, tank shroud decals, fork guard decals, swing arm decals, air box decals, seat cover and number plate backgrounds

NEW **PRO CIRCUIT/KTM KIT**

RETAILS FROM **\$169.95**

- Manufactured by N-Style exclusively for Pro Circuit
- Heavy-duty clear vinyl used for all sticker components
- Self-adhesive backing for easy installation
- Graphic kit includes: Front and rear fender decals, tank shroud decals, fork guard decals, swing arm decals, air box decals, seat cover and number plate backgrounds

NEW **PRO CIRCUIT/SUZUKI KIT**

RETAILS FROM **\$169.95**

- Manufactured by N-Style exclusively for Pro Circuit
- Heavy-duty clear vinyl used for all sticker components
- Self-adhesive backing for easy installation
- Graphic kit includes: Front and rear fender decals, tank shroud decals, fork guard decals, swing arm decals, air box decals, seat cover and number plate backgrounds

NEW **PRO CIRCUIT/YAMAHA KIT**

RETAILS FROM **\$169.95**

- Manufactured by N-Style exclusively for Pro Circuit
- Heavy-duty clear vinyl used for all sticker components
- Self-adhesive backing for easy installation
- Graphic kit includes: Front and rear fender decals, tank shroud decals, fork guard decals, swing arm decals, air box decals, seat cover and number plate backgrounds

HARD PARTS & ACCESSORIES

QUICK ADJUST CLUTCH PERCH

RETAILS FROM **\$139.95**

- Made of Billet aluminum and features on-the-fly adjuster. Four-stroke model shown, but two-stroke models are also available

CLUTCH PERCH REBUILD KIT

KIT RETAILS FROM **\$44.95** GRAY CLUTCH PERCH BOOT RETAILS FROM **\$9.95**

- The Clutch Perch Rebuild Kit includes everything you need for a fast and easy rebuild of your Quick Adjust Clutch Perch

THROTTLE TUBES

RETAILS FROM **\$59.95**

- Pro Circuit Throttle Tubes are CNC machined out of aluminum and Teflon coated on the inside to reduce friction which gives you a smoother twist of the throttle. They are much stronger than the OEM plastic units, and are available for most two-stroke and 4-stroke models

BRAKE & CLUTCH LEVERS

RETAILS FROM **\$19.95**

- Pro Circuit Brake & Clutch levers are made by Sunline and forged from 6061-T6 aluminum for strength and durability. These levers are designed to fit the stock perches and exceed OEM specifications

ARC COMPOSITE CLUTCH AND BRAKE LEVERS

RETAILS FROM **\$69.95**

- ARC levers are adjustable for different hand sizes and are designed to flex during impact. The top choice for privateer and factory professionals

BRAKE HOSE CLAMP

RETAILS FROM **\$44.95**

- The Brake Hose Clamp firmly holds the brake line in place and even with its compact design, this clamp is more durable than stock and will not break like the OEM units do

CABLE GUIDE

RETAILS FROM **\$7.95**

- Pro Circuit's Cable Guide is a 2-piece cable guide that mounts easy to your number plate and is made of hi-impact plastic

BANJO BOLTS

RETAILS FROM **\$49.95**

- Banjo Bolts can be fastened onto the front and rear brake master cylinders, as well as the front and rear brake calipers. Pre-drilled for safety wire. Sold in pairs

STANDARD & MINI CROSSBAR PADS

RETAILS FROM **\$19.95**

- The Standard & Mini Crossbar Pads feature high-density foam and a black vinyl wrap with the Pro Circuit logo in a metallic silver

FATBAR CROSSBAR PAD

RETAILS FROM **\$19.95**

- The Fatbar Crossbar Pad features high-density foam and a black vinyl wrap with the Pro Circuit logo in a metallic silver

LAUNCH CONTROL DEVICE

RETAILS FROM **\$109.95**

- Designed to enhance traction during starts and prevent wheelies. Available for most Honda, Kawasaki, KTM, Suzuki and Yamaha models

SPOKE WRENCH HANDLE & NIPPLE JAWS

HANDLE RETAILS FROM **\$16.95** NIPPLE JAWS (EACH) RETAILS FROM **\$12.95**

- 5.1, 5.7, 6.0, 6.1, 6.3, 6.4, 6.6, 6.7 and 6.9 size nipple jaws are available

REAR BRAKE CLEVIS

RETAILS FROM **\$54.95**

- Constructed of billet aluminum and is designed to eliminate the free play on the stock brake pedal setup

BRAKE SNAKE KIT

RETAILS FROM **\$16.95**

- The Brake Snake Kit is easy to install and cheap when compared to the price of a new brake pedal. Includes all the hardware and 10mm and 8mm tabs

RAPTOR TITANIUM FOOTPEGS

RETAILS FROM **\$359.95**

- Pro Circuit is an authorized Raptor Titanium Footpeg distributor. These footpegs create the perfect grip to help enhance your racing performance

TITANIUM FLOW-THRU FOOTPEGS

RETAILS FROM **\$239.95**

- Designed to reduce mud from packing in the footpegs, giving you better foot traction and control. Extra-wide platform and deep footpeg teeth provide added stability

CARBON FIBER CHAIN GUIDE

RETAILS FROM **\$299.95**

- Includes a carbon fiber bracket and block insert. The bracket extends farther towards the rear wheel providing a precise feed of the chain to the rear sprocket

SHIFT LEVER

RETAILS FROM **\$99.95**

- This shift lever will not fold back and become packed with dirt. Used by the Monster Energy/Pro Circuit/Kawasaki team and is available for most Honda and Kawasaki models

AXLE BLOCKS

RETAILS FROM **\$59.95**

- Lightweight billet aluminum and allows precise wheel alignment. Honda models are anodized red, while all others are works brown

HOT START CONNECTOR

RETAILS FROM **\$29.95**

- CNC machined, aluminum fitment eliminates the danger of stripping this important carburetor part. Available for all Keihin FCR carburetors

HARD PARTS & ACCESSORIES

ENGINE PLUG KITS

RETAILS FROM **\$69.95**

- Each piece is CNC machined from aircraft-grade aluminum, anodized red and hand polished. Some kits may come with less, or more pieces than shown

FUEL MIXTURE SCREW

RETAILS FROM **\$29.95**

- The Fuel Mixture Screw is designed to make quick and easy adjustments. The knob is easy to grab and adjust even with your gloves on. Includes o-ring

CLUTCH COVERS

RETAILS FROM **\$149.95**

- Clutch covers are CNC machined from T-6 billet aircraft-grade aluminum to improve durability and heat dissipation, which improves performance.

BILLET IGNITION COVER

RETAILS FROM **\$359.95**

- Our CNC machined, hard anodized, Billet Ignition Cover increases strength, rigidity and improves wear resistance. Available for the KX250R 2011-2013 only

WATER PUMP KIT

RETAILS FROM **\$189.95**

- The Water Pump Kit is designed to increase the performance of your cooling system. The water pump impeller has been designed to increase the pumping capacity and pressure head to reduce cavitation and increase cooling system performance

THERMOSTRIPS

RETAILS FROM **\$19.95**

- Monitor the running temperature of your engine, shock or radiators. The Thermostrips will change color as the item it's placed on increases in temperature with a measurable heat range from 149 to 248 degrees. Three self-adhesive strips per package

THROTTLE POSITION SENSOR GUARD

RETAILS FROM **\$86.95**

- Designed to protect the stock Throttle Position Sensor from harmful roost and debris; damage to the T.P.S. sensor will render your bike unable to start. This guard is available for Kawasaki KX250F 2011-2012 models only

FUEL TANK BREATHER HOSE

RETAILS FROM **\$9.95**

- Constructed from silicone and includes a printed Pro Circuit logo. This Fuel Tank Breather Hose replaces the stock version that is attached to the gas cap

HEAT SHIELDS

SILVER REFLECTIVE FILM RETAILS FROM **\$49.95**

GOLD REFLECTIVE FILM RETAILS FROM **\$68.95**

- Dirt bike engines produce a lot of heat and the gasoline in the tank can lose its combustibility because of it. Pro Circuit's Heat Shields self adhere to the bottom of your bikes gas tank to reduce operating temperatures for better performance. Available in silver or gold reflective film sheets

2-STROKE SILENCER PACKING KIT

RETAILS FROM \$20.95

- Available in different sizes for all Pro Circuit two-stroke silencers. Includes all of the hardware and packing needed to keep your bike running quietly and its very best

4-STROKE EXHAUST PACKING KIT

RETAILS FROM \$23.95

- Available in different sizes for all Pro Circuit four-stroke exhaust silencers. Includes all of the hardware and packing needed to keep your bike running its best

SWIVEL PIPE SPRINGS (PAIR)

RETAILS FROM \$9.95

- The Swivel Pipe Springs are made to secure the head pipe and slip-on silencer (four-stroke models only)

PIPE SPRING PULLER

RETAILS FROM \$9.95

- The Pipe Spring Puller is used for easy removal and installation of Swivel Pipe Springs

Side Panels sold separately

Side Panels sold separately

WORKS MINI BIKE STAND & SIDE PANELS

MINI BIKE STAND RETAILS FROM \$74.95

SIDE PANELS RETAILS FROM \$24.95

- The Works Mini Bike Stand features a non-slip rubber top and are built from extruded aluminum for durability and lightweight. Side panel kits are also available and are easy-to-install and feature a high strength 3M decal for rider/mechanic names

WORKS STANDARD BIKE STAND & SIDE PANELS

STANDARD BIKE STAND RETAILS FROM \$79.95

SIDE PANELS RETAILS FROM \$24.95

- The Works Standard Bike Stand has been a factory favorite for many years. The stand features a non-slip rubber top and are built from extruded aluminum for durability and lightweight. Side panel kits are easy-to-install and feature a high strength 3M decal

Engine Plug Kits are a must have to attain that 'works look'

Thermostrips give you accurate readings every time you ride

Darryn Durham - Monster Energy/Pro Circuit/Kawasaki

GIFT ITEMS & ACCESSORIES

RACE CHAIR

RETAILS FROM **\$64.95**

- This folding aluminum Race Chair features padded armrests with polyester seat and backrest along with printed Pro Circuit logos on front and back. Perfect for lounging at the track after a hard moto

RACE UMBRELLA

RACE TEAM SPONSOR PRODUCT

TERMS & CONDITIONS

BUSINESS HOURS:

Pro Circuit Products, Inc. is open from 9:00am to 6:00pm (PST) Monday through Friday. The service and suspension departments are open from 9:00am to 6:00pm (PST) Monday through Friday. The showroom is open to the public from 9:00am to 6:00pm (PST) Monday through Friday. Pro Circuit Products, Inc. is closed on weekends and all major shipping holidays.

PRICES:

All prices are subject to change without prior oral or written notice. All orders are invoiced at prices in effect at the time of the shipment.

CONTENTS:

Pro Circuit Products, Inc. believes the contents and specifications of its catalog, website, ads and promotions are correct. We assume no liability for any errors in listings, specifications, part numbers, prices or model applications. We reserve the right to change specifications, product descriptions, product quality, pricing and application at any time without prior oral or written notice.

BACK ORDERS:

Pro Circuit Products, Inc. will always try to avoid back orders. However if a back order situation does occur, Pro Circuit Products, Inc. will take your order and ship your product as soon as it is available.

SHIPPING:

All orders are shipped via FedEx, UPS or US Postal Service (military addresses only). The standard shipping method is FedEx ground service. FedEx Express (3-day), air (2-day), overnight (1-day) and UPS services are also available at additional costs, and only when requested and approved by Pro Circuit Products, Inc. Pro Circuit Products, Inc. does not offer COD delivery for retail customers. If you require your order to be shipped via US Postal Service (military addresses only), there will be additional handling fees due to costs incurred by Pro Circuit Products, Inc. in delivering packages to the post office.

RETURNS:

No returns will be accepted on unused products after 30 days of purchase date. Returns for warranty consideration must be approved by Pro Circuit Products, Inc. Prior to ANY return shipment, call Pro Circuit Products, Inc. for a return authorization number (RA#). New product must be in original packaging and in condition fit to sell as new. A copy of your original sales receipt must be included with the product being returned. Authorized returns are subject to a restocking fee of up to 20% of the original purchase price. All sales are final on discontinued and close out items.

LIABILITY:

All products manufactured and/or distributed by Pro Circuit Products, Inc. are offered and designed for use with standard machines. Pro Circuit Products, Inc. makes no claims as to the products effectiveness on modified machines. Pro Circuit Products, Inc. is the sole determiner of abuse, misuse, installation errors and modifications. We assume no liability for any errors in listings, specifications, part numbers, prices or model applications. Pro Circuit Products, Inc. reserves the right to change specifications, product descriptions, product quality, pricing and model applications at any time without prior oral or written notice and without further obligation.

Adding new components to your motorcycle (especially to the engine, suspension or braking system) may radically alter the acceleration, deceleration, handling and braking characteristics of your motorcycle. Ensure that all parts are installed and properly torqued per the instructions supplied with the part or to the motorcycle manufacturer's original specifications. Test the motorcycle with the new part(s) on level ground, at low speed, without any other vehicles or obstacles nearby, to ensure that it is working properly. Periodically recheck, adjust or replace the parts as may be necessary depending upon the terrain, use, mileage and rider input. Consult the instructions supplied with the part, or the motorcycle manufacturer's original specifications for further details. The failure to properly install, maintain, or familiarize yourself with the new part's use, and proper operation, may result in damage to the motorcycle, and/or a loss of control, resulting in serious injury or death. Buyers assume all risk for any and all damage caused to themselves, a third party and/or property by virtue of failure of these products. By installing and/or using a Pro Circuit Products, Inc. product, you hereby accept and understand these stated terms and conditions.
